

ELPRIMO L 100-M3

PRODUCT DESCRIPTION:

ELPRIMO L 100-M3 grease is formulated with a lithium 12-hydroxy stearate soap base and high-quality mineral base oil. It is fortified with antioxidants, rust, and corrosion inhibitors, as well as extreme pressure and anti-wear additives. The inclusion of 3% molybdenum disulfide provides additional protection against wear and shock loads. This grease is designed to offer enhanced lubrication and extended equipment life, making it an excellent choice for applications that require extra protection against wear and demanding operating conditions.

APPLICATIONS:

ELPRIMO L 100-M3 grease is a versatile, multi-purpose grease that is well-suited for various applications. It can be used for lubrication points on a variety of heavy equipment, including dozers, scrapers, earthmovers, cranes, shovels, rollers, combines, and cotton pickers. The grease is compatible with different types of antifriction bearing arrangements, from plain sleeve types to rolling element bearings, as well as bushings and other sliding surfaces or pivot points. This makes it a convenient choice for maintaining and protecting a wide range of machinery.

PRODUCT ADVANTAGES

- The operating temperature range is from -20°C to 120°C
- The presence of moly provides additional protection against wear
- Excellent load-carrying capacity
- Good resistance against water
- Good mechanical stability
- Good corrosion protection

HEALTH & SAFETY, ENVIRONMENT:

Prolonged and repeated contact with grease may cause skin disorders. Avoid contact. Wash immediately with soap and water. Do not discharge used grease in to drains or the environment. For further Information on Safety Guidelines please refer to MSDS available on our website www.bravoil.ae

HEALTH & SAFETY:

This product is not likely to present any significant health or safety hazards when properly used in the recommended application and good standards of personal hygiene are maintained. Reference is made to the Safety Data Sheet (SDS) which is available on request via your local sales office or via the internet www.bravoil.ae

PROTECT THE ENVIRONMENT:

Comply with local regulation. Do not discharge into drains, soil or water.

STORAGE:

We recommend to store all packages under cover. In case outside storage is unavoidable, drums should be laid horizontally to avoid the possible ingress of water and damage to drum markings. Products should never be stored above 60°C, exposed to hot sun or freezing conditions.
